

FOX RESTAURANT CONCEPTS

Guidance for Group Dining Events

Commitment to the health of our guests and each other in the time of COVID-19

Our Staff:

- Our staff will only work while healthy. If they feel ill, they will not be able to work at the restaurant including any group events. Wellness checks, including taking temperatures are mandatory upon their shift arrival.
- We have a strict handwashing practice that will be enforced before and during your group event
- Face coverings will be worn during events and they will maintain a 6-foot distance from guests and other employees

Event Spaces:

- We will continue to abide by state guidelines of group event numbers that are allowed in order to maintain social distancing
- Tables will be 6 feet apart from each other limiting full capacity of rooms/patios
- Limited areas conducive to congregating
- We have implemented comprehensive sanitation protocols before and during events

Other:

- Disposable menus will be used for all plated events
- Avoiding instances where customers serve their own food

Our guests:

FRC management will ask the main contact for all events to make sure everyone attending is healthy and non-symptomatic. If there is any question, we ask they do not attend the group function for safety of others including our staff members.

Face Masks: as per our city guidelines, face masks are required by all guests six-years and older upon entry. Guests are welcome to remove facemasks after they are seated.
